

Update december 2019 – Paul Kalungi

Hallo my sponsors. How are you doing all? Hope this email find you in the perfect mood for your attention.

I want to begin by thanking you all for the continuous support given to me to go through school by paying tuition for all these years. Its has been a long journey from 2016. Again thank for the moral support I receive from you people, its overwhelming. I am really excited to see that I am done with my second last semester of my final year. Its now one semester left for me to graduate. This sounds sweet to my ears that I am soon finishing school completely.

I want to inform you all that I successful finished my end of semester I year four on the 7th of December. Results will be realised in February 2020. Once again thank you for making it possible for me to be in school without hardship of paying tuition. I am raised by a single mother who can't not afford university high cost education. Its really a big investment you have done in me as no one will ever uneducate me.

The last semester will be beginning on the 07 February 2020 though us finalists in January will be doing a placement in butabika hospital for mental health nursing for a period of one month. It is a semester that comes with paying tuition, paying for research and paying for the graduation. So next semester I am meant to pay a total of 1350 dollars to enable me finish school with full clearance. I am calling upon all my dia sponsors to come through and support me more this last semester in the university.

I would still like to appreciate Jan henk for coming to visit me here in Uganda. He came with his fiance and another doctor friend from UK. We really had a great time with them at my parent's home. Jan henk also managed to visit my school Clarke international university, he was able to meet the vice chancellor and the university registrar..

On this note, I would like to humbly request all my dia sponsors to come to Uganda in 2020 December to be part of graduation. Please come and witness me graduating. It would do me well

Thank you all for supporting me
Thank you for the opportunity of school
I appreciate you all
Paul kalungi
Four year final semester
