

Hello.

I hope that everything is going well there, I would like to thank all members of Istepup for all the support that you are providing to me and my studies, GOD bless you all .

I am fine and doing well with my studies, The first semester started from October 2021 to March 2022 in which I learn different subjects and I was provided with different task to perform as a student , with tutor's help I gain a lot of experience and understandings about my studies we were assigned to attend to Field practice what was learned in the class.

Since the resuming of my studies this year for the last month of March i was doing my Field practice which was conducted at hospital field at Haydom Lutheran hospital from 7 March 2022 to 8 April 2022 which was aiming at providing us student with experience in the pharmacy field .And I practice well and gained experience.

Also my studies are going to be resumed for new semester (demister two (2)).On April 2022 I promise to work hard with better performance and good results at the end of semester

I have attached my results for end of semester one.

I truly appreciate your support on my academic for paying my school fees and buying me laptop /pc / personal computer which will be useful for studies in this semester . Have a good evening

Neema Nakei
