

Update Lusungu Moyo

October 2024

With happiness, I want to express my appreciation to you Istepup team for your kindness and support towards my education. I have been waiting for my exams which I wrote 5 weeks ago and today am very happy to inform you that I have passed. Glory to God Almighty 🙏.

Now I have registered for my fourth semester 2 weeks ago where by we are focusing on Community Health Nursing III, Medical surgical III and Entrepreneurship theory part there after we are going to continue with clinical practice focusing on School health, Occupation health, Gynecology and Theater Nursing. I will try my level best to work hard and not to disappoint you. Attached are my results.

Once again thank you

Lusungu Moyo
