

## **Introduction update Sarah**

My name is Sarah Stephen Masalu. I study at Padre Pio College of Health and Allied Sciences(PCoHAS) located at Temeke Dar-es salaam. I joined the college in November 2022 under the course of Pharmaceutical Sciences, and with the help of iSTEPup Foundation I expect to graduate in November 2025.

When I finish my studies I would like to continue with Bachelor Degree in Pharmacy in order to achieve my dream of becoming a pharmacist and help other people who are in need with pharmaceutical assistance.
