REF: MY PROGRESSIONS AND WHAT I AM DOING WHILE WAITING TO BE BACK AT THE COLLAGE

                    Refer to the heading above. My name is Julian Angelo Rwiza medical student at Padre Pio Collage of health and allied science (PPCOHAS) pursuing diploma in clinical medicines and this is the second year of my studies.

The aim of writing to you this letter is to let you know my progressions and what I am doing right now while waiting for coming back to the collage to progress my studies. Actually I am now at the field in at Temeke referral hospital which is located at Dar es salaam Tanzania. At the hospital I meet with different cases and my supervisors teach me on how to deal with them and make sure that the patient is recovering. I'm looking forward to be back at the collage on 7th of April so that I can progress with my studies. And I would like to thank you again for the support and attention you show to me to make sure that I fulfill my dreams I pray to you to God to continue giving you a such kind of helping heart.

Yours faithfully

Julian angelo rwiza
