

Graduation Update Aminata Bangura – March 2025

I want to express my thanks and appreciation to Dr. Alex and her husband Dr Harry for supporting me in my studies. Your guidance and encouragement have meant so much to me so I couldn't have made it without you.

I am also incredibly grateful to the iSTEPup Foundation for being there for me throughout my SRN studies. Your support made it possible for me to complete my higher nursing training in Sierra Leone, and I am so excited to now be a registered nurse. I am excited to work hard, help improve healthcare in my country, and make a positive impact in my community.

I am deeply thankful for everyone who has been a part of this journey. May the good Lord continue to bless you all.

Aminata Bangura

Update Buddy Alexandra:

I am incredibly proud of Aminata as she graduates with her SRN after three years of hard work and dedication. She has juggled her job at Masanga Hospital, her SRN degree and her family life with great skill.

When I first started supporting her, I was struck by her unwavering commitment to her patients, her passion for learning, and her constant drive to improve. Watching her grow and achieve this milestone has been inspiring and I know she will continue to make a profound impact on the lives of those she cares for. Aminata, you have a bright future, and I can't wait to see all that you will accomplish.
